Hidden away amongst the thick rainforest of Volcanoes National Park in the northwest of Rwanda lives one of the planet's most endangered species: Mountain gorillas. The Mountain gorillas in the Parc National des Volcanes are part of a worldwide population of just over 1000 individuals. Once the gorillas are located, you will be allowed a maximum of one hour with them. This is one of the world's truly memorable experiences – a look into one of these magnificent creatures' eyes brings home the bond that exists between them and us.
